Construction documentation

One file, replacing thousands of photographs

Effective communication with key stakeholders

Permanent, annotated records at every milestone

“

[With Matterport] we are now able to capture construction conditions for documentation on a single file and share that information as needed as opposed to managing 30,000+ individual photographs.”

William Plato, VDC Manager, Hensel Phelps

As-built drawings

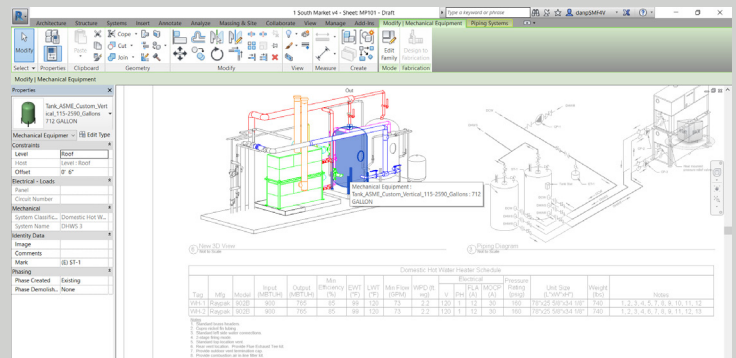

Easily create point clouds and OBJs

Import into any CAD software

Take measurements from every angle

“

The Matterport Pro camera has allowed us to complete designs in hours that would have otherwise taken weeks.”

-Eric Wiens, Project Engineer, CIMA+
